AMENDMENT AFTER FINAL

SIR:

In response to the Final Office Action dated July 3, 2001, please amend the above-identified patent application as follows:

IN THE CLAIMS

Please amend claims 3-7, 16, 18, 20-21, 25, 27, 43, 65 and 67 as follows:

3. (Six Times Amended) A monitoring terminal for monitoring an image picked up by a camera connected to a network, comprising:

obtaining device arranged to obtain information concerning initial parameters of a predetermined camera in accordance with starting up said monitoring terminal and obtain information concerning parameters whose condition changes except for unchanging parameters of the initial parameters of said camera subsequent to the initial start up; and

display device arranged to display camera-status on the basis of the parameters of said predetermined camera which is obtained by the obtaining device.

4. (Twice Amended) The terminal according to claim 3, wherein if said
